ALL OPIOID OVERDOSE ED VISITS: NORTH CAROLINA, JULY 2021*

Richmond (33.4), Robeson (22.8), Carteret (18.7), Randolph (16.7), and Burke (15.5) counties.

Note: NH(Non Hispanic). Counts based on diagnosis (ICD-9/10-CM code) of an opioid overdose of any intent (accidental, intentional, assault, and undetermined) for North Carolina residents.*Emergency department visit data from NC DETECT are provisional and should not be considered final. There may be data quality issues affecting our counts: counties with <10 cases may not be true lack of opioid overdose cases but data quality issues; additionally, some hospitals use non-specific poisoning codes rather than specific opioid poisoning codes.
